

I am writing in response to the new broadcast service LPFM. I am concerned that your proposal to expand this service in a way where they may take priority over current FM translator service may force the stations that I currently listen to off of the air. The K-LOVE signal is my signal of choice. K-LOVE brings fresh air and music to my family in the car and at home. It brings the message of hope and joy to a society that very often is hopeless and full of despair. If K-LOVE were to be displaced by and LPFM broadcaster providing other programming my community would suffer. These messages of hope, joy, love, and encouragement would be missed. I believe that the service provided by K-LOVE is in the best interest of the public. They need to hear the wholesome values and the positive and encouraging words that K-LOVE offers. I am sending you an encouraging word today...please do all you can to ensure that positive stations such as K-LOVE can continue to make a difference in our country today and tomorrow. I will be praying along with many others in my community that K-LOVE will not be forced off the air in any area they serve. They bring hope and love to an desperate world.

Thank you for your time and consideration. May God bless you.  
Appreciatively,
